WATERPROOFING SYSTEMS

Hydroproof

Acrylic polymer waterproof coating for concrete & masonry (FOSguard)

About this document. Fosroc does not publish a standalone technical data sheet for this product on fosroc.com. This document compiles, verbatim, the technical data that Fosroc itself publishes for this product in its official documentation. No value has been recalculated, converted or inferred. For the complete manufacturer datasheet, including test certificates and application data, contact Fosroc India.

DESCRIPTION

Description	Fosroc Hydroproof is an acrylic polymer based protective layer which forms a seamless, flexible, waterproof coating on concrete and masonry surfaces. It provides excellent adhesion, resistance to weathering, durability and is suitable for roofs, terraces, balconies, bathrooms and other exposed surfaces.

Hydroproof

TYPICAL PROPERTIES

Appearance	White / Grey liquid
Specific Gravity	~ 1.30
Coverage	2-3 m2/ltr (2 coats)
Drying Time	2-4 hours (between coats)
Shelf Life	12 months from the date of manufacture

Source: Official Fosroc product label published on the pack: "FOSguard Hydroproof / Acrylic Polymer Waterproof Coating for Concrete & Masonry".

PROVENANCE OF THE DATA IN THIS DOCUMENT

Compiled from	Official Fosroc product label published on the pack: "FOSguard Hydroproof / Acrylic Polymer Waterproof Coating for Concrete & Masonry".
Official web source	https://www.fosroc.com/ | Fosroc India Product Summary Guide (also published at https://www.fosroc.com/fosroc-brochures)
Standalone TDS on fosroc.com	Not published for this product at the time of compilation.
Values reproduced	Verbatim. No value has been recalculated, converted or inferred.

HOW TO OBTAIN THE FULL MANUFACTURER DATASHEET

Fosroc India publishes the complete technical data sheet for this product on request. Please quote the exact product name shown on the header of this document.
